FROM THE PRESIDENT

I encourage all of you to go on to the Harbour Heights website at www.hhcivic.org. A HUGE tip of the hat goes out to our recently formed Community Development Committee which has put together many pieces of information and performed tasks that are being seen, recognized and mentioned in discussions regarding the upcoming Food Truck Saturdays, Civic Work Days and our upcoming events that are planned to help beautify HHCA! We are still waiting to see what the outcome may be for some of these activities but it is the initiative of these individuals in their planning and execution that I wanted to thank them for and notify all of you about.

On a side note, John Ginter, Jim McBride and Dan Topp have been leading projects of their own which are sure to make a difference in this endeavor as well. From the sidewalk project (Board approved and signed contract submitted yesterday for execution (and thanks to John Ginter for leading those renovations) to the rear door replacement see the early installation picture later in this newsletter, your efforts are surely making a huge impact for all of our community to see, enjoy and realize that HHCA is here to stay! Bingo is still active and getting bigger crowds with the return of our "snowbirds!" The new refrigerators are a hit with all who use the kitchen. Our new board member, Bill Sondesky has taken on the responsibility of our lawn care and is doing a great job! Thanks Big Bill!!!

I can't say Thank You enough as your President for all of your struggles, personal time spent and persistence in making HHCA, our team of volunteers, and our Harbour Heights community one to be proud to live in and be a part of.

Keep charging! Joseph Usher, President

YOUR HOUSE COMMITTEE AT WORK

The house committee has been busy this month, the new set of emergency exit doors was installed. They still need to be painted, but they are truly a big improvement over the old plain doors that didn't let in any light! Many thanks to Dan and Tammy Topp for the donation of the doors to the Civic, and many thanks to those who worked so hard to install them!
